PEACE IS CONCLUDED

**Russia and Japan Arrive
at Complete Accord on
all Questions.**

**Japanese Practically Yield
Everything, and Peace Treaty
Will Now be Elaborated.**

Special to the Daily Republican.

Portsmouth, N. H., Aug. 29.—The peace conference, which went into session at 9:30 this morning, arrived at a complete accord on all questions in dispute, and it was decided to proceed to the elaboration of the treaty of peace between Russia and Japan.

The announcement late last evening that Japan was ready to waive the question of indemnity and submit the price to be paid for the northern half of the island of Sakhalin, caused somewhat of a sensation. It was admitted on all sides that if Japan took this position, the ground was out from under Emperor Nicholas.

At the conference this morning Japan ceded even more than she was expected. She practically yielded everything—accepted the Russian ultimatum of no indemnity and the division of the island of Sakhalin, without the payment of redemption money.

The Japanese also yielded the interned warships and the limitation of Russia's naval powers in the Far Eastern waters.

TWIN BROTHERS 86 YEARS OLD

**William Parker of This City and
John Parker of Williamstown
Hale and Hearty.**

The common man would consider himself very fortunate if he thought he could live to be 86 years old, especially when the average length of the human life is 40 years below this mark, but John Parker, of Williamstown and Grandfather William Parker, of this city, are twin brothers, who have reached a ripe old age, as they have passed 86 milestones.

Both of these old veterans are enjoying good health, and each of them have some manual labor to do daily.

William Parker, of this city, but commonly known as "Dad" goes swimming very often, and he enjoys the sport immensely. John Parker, his brother, has a large garden spot at his home in Williamstown, which he keeps himself, and he is very proud of the fact that he is not too old to work. Both men resemble each other very much in appearance, and it is a pleasure to see the two old men together, as their bright smiles and cheerful manners cause their friends to believe that all is not lost in old age.

John Parker has resided in Decatur county for 82 years, and his brother William has lived in this vicinity for the same length of time. As has been stated the two men seem to be in perfect health, and from all outward appearances it is thought that they will live for years to come.

—Mrs. Ed. Odear and sister, Miss Kate Baker, of Lexington, Ky., are the guests of Mrs. P. B. Odear and family, East Sixth street.

—Miss Jessie Nation, of Williamstown, is the guest of Mr. and Mrs. L. B. Weaver.

MAY TRANSFER HIM

**Said That Colonel Holloway is
to go to South
America.**

A dispatch from Washington says: When asked what truth there is in the story that Col. William R. Holloway, of Indianapolis, consul general at Halifax, may be transferred to another post, Acting Secretary of State Loomis said there had been correspondence between a minister to a South American country and Col. Holloway, looking to a transfer of place. He declined to reveal the identity of the minister. It is not infrequently happens, he said, that members of the diplomatic and consular service agree upon a transfer that would be mutually satisfactory and then refer the matter to the State department for approval or rejection. It is understood that in this case the advances were made by the South American minister.

DEATH OF A GRAND OLD MAN

**A. G. Mauzy Passes Away at
Oxford, O., Sanitarium.**

A. G. Mauzy, father of Charles Mauzy and one of the most highly respected and most beloved citizens of Rushville and Rush county, died of old age at 7 o'clock Monday night at the Oxford Retreat sanitarium, near Oxford, O.

Mr. Mauzy was over 80 years of age. For nearly two years he had been a patient at the sanitarium and had been steadily declining. Notwithstanding this fact, Mr. Mauzy's death came as a surprise to his many friends in Rushville. Charles Mauzy, a son, is now in New York City, but he has been notified of his father's death.

Mr. Mauzy's remains were brought to this city at 10:46 his morning and taken to Wyatt's undertaking establishment, where they were prepared for burial. At 2:30 this afternoon they were taken to the home of Charles Mauzy on North Harrison street, where the funeral services will be held Thursday morning at 10 o'clock.

THE GRADING IS HALF COMPLETED

**Work on Shelbyville Greensburg
Line is Done as Far as
St. Paul.**

The progress being made with the grading of the interurban line between Shelbyville and Greensburg is amazing. But little over a month's work has been done and in that time more than ten miles of grading have been completed.

The grading is being done near St. Paul and the heavy fill across Deere Creek is almost completed. Excavations are being made for the bridge at Conn's Creek.

The grading will be finished as far as St. Paul by the close of the week. Forty men began work yesterday at a point just two miles from Greensburg. The arrival of the men this close to Greensburg speaks well for the early completion of the road.

In the advertisement of the Rush County Mills in this paper, addressed to their friends and patrons, Messrs C. G. Clark & Sons announce that last week they sold over fifteen thousand pounds of their "Indiana Pride" and "Purity" brands of flour. Our printer made it fifteen hundred pounds in yesterday's daily, and this we desire to correct. Selling over 15,000 pounds of flour to the merchants of Rushville in one week, shows that the product of the Rush County Mills is appreciated.

THE BIG FAIR OPENS TODAY

**Today Was Children's Day
and They Were Present
in Large Numbers.**

**Racing Begins Tomorrow—
Notes Gathered at the Fair
Grounds.**

The forty-ninth annual exhibition of the Rush county Fair Association opened today. The day was an ideal one and gave promise of fine weather for the balance of the week.

No admission was charged at the gates today. Today was children and old folk's day and a special effort was made to please them.

Although the fair opened today the time was spent generally in making entries in the different departments. Secretary King and Supt. Hinchman were kept very busy looking after the wants of the stockmen and other people who will aid in making the fair a success.

All was busy at the floral and agricultural halls where exhibits were being placed in position and the buildings put in order. These promises to be a good exhibit at both these places.

Cattle, horses, hogs, and sheep continued to arrive all day swelling the number of stock exhibits until it was doubtful if room could be had for all. More race horses arrived today. Entries in the speed ring will close at 8 o'clock tonight.

The fair will be in full swing by tomorrow. The program for tomorrow is as follows:

Awards on table luxuries, ladies' fancy handiwork and fine art, flowers and shrubbery, poultry, cattle (milk breeds), sweepstakes cattle (milk breeds), Jacks, mules and draft horses.

The races for tomorrow consist of the 2:25 pace and the 2:30 trot.

The high diving horses, "King" and "Queen," and Prof. Ed. Young, the balloonist, will give free exhibitions tomorrow.

Fair Notes.

Several Rushville boys have opened up stands at the county fair grounds.

A large herd of feed cattle was taken to the fair grounds this morning.

Cecil Clark has a stand upon the grounds advertising his Portland excursion.

Denning Havens has some of his pen and ink sketches on exhibition in the Floral Hall.

Claude Simpson and Willie Bebout have charge of the baggage room under the amphitheatre.

All business rooms in the city will close on Thursday and Friday from 12 o'clock to 4:30 p. m.

Secretary King moved out to the grounds today. His office is located near the southeast corner of the grand stand.

J. W. Gartin & Sons, of Burney, Decatur county, are on the grounds with a herd of fine Poland China hogs.

The Electric Theater opened up today with a good patronage. This show is of high order. It is located just east of the poultry hall.

Willard Brown has charge of the old Walker dining hall on the west side of the grounds. Mrs. R. T. Thompson, of Chicago has charge of the east hall.

Prof. Ed. Young, the balloonist, will make an ascension on Wednesday, Thursday and Friday evenings, sometime between 4 and 6 o'clock, according to the strength of the wind.

The C. H. & D. started its fair ground today. There was a good patronage today and from present indications it is evident that more people than ever before will ride to and from the grounds over the O., H. & D.

A new exhibit has been added to the Floral hall. The photographers in this city have each given a limited

amount of space and samples of their work will be displayed there. It will be the best display of the kind which has ever been seen in this city.

There is a very large number of race horses at the grounds and every race is full. The racing this year promises to surpass that given at a fair in previous years by the association. Scott Brannum has entered a number of J. O. Quay's horses. Fred Hilligoss has Sallie A., 2:24 1/4 entered in the 2:25 pace on Friday, and Mertie C., a green pacer, entered in the 2:50 pace on Wednesday. John Dagler will start John F., during the week.

The horse show is one of the largest in the history of the Association. William Dagler has 15 head of draft, coach, general purpose and light harness horses entered. Dr. R. J. Hall has 17 head entered in the different classes; Frank Lindsey, of Raleigh, has 12 head of draft horses, and Scott Powell, of Falmouth has a draft mare and colt entered. W. A. Jones has a number of show horses entered also. Thea wards in the horse department will be made tomorrow.

Among the Rushville people who will have stands at the fair are Charles Brown and Elza Powell, under the grand stand, also grand stand privilege; C. B. Lore, southwest corner of floral hall; Eugene Miller and Roy Harold, south of grand stand; Ivy Co. U. R. K. of P., northwest corner of floral hall; Charles Applegate and Jamse Adams, west side of Agricultural hall; Louis Frazee and George Pantunney, under grand stand Andy Pea, southwest of grand stand water melons), and Jesse Downey and Fred Gale, on west side of agricultural hall.

There are over one hundred and fifty head of cattle on the grounds. L. B. Harris & Son have 9 head of fine Polled Angus and M. E. Williams, of New Salem, has 12 head of the same breed. Frank Taylor, of this city, has 8 head of Herefords on the grounds; H. E. Watson, of Edinburg, has his famous "Headlight" herd of Herefords, numbering 9 head, entered and Frank Cotton, of Manilla, has 10 head of Shorthorns in the show. John F. Boyd has 14 head of Jerseys entered, and William Dagler has six head entered. Several other herds of both beef and dairy cattle arrived today. The award soon cattle will be made on Thursday.

Clell Maple has entered Chester A., 2:19 1/4, in Thursday's 2:18 pace, and Aileen Wilson, 2:24 1/4, in the 2:25 pace on Friday. Roy Carr, of Homer, has entered Fred C., 2:18 1/4 in Thursday's 2:19 pace. Al. Addison, of Liberty, has entered Pina B., 2:26, in the 2:25 pace on Friday. He has also entered Gilt Edge 2:16 1/4 in the 2:18 pace on Thursday. Several more race horses came in today.

SAID TO HAVE VIOLATED LAW

**Clen Miller and Harry Halterman
Arrested on This
Charge.**

Clen Miller and Harvey Halterman are now under arrest for alleged violations of the State liquor law. Three cases have been filed against Miller, charging him with keeping a room for gaming purposes, for selling liquor without a license and for selling intoxicants on Sunday. Halterman is charged with selling liquor on Sunday and without license.

The men gave bond of \$50 for each offense, and they will be given a hearing in Squire Jackson's court next Wednesday morning.

THE MEETING WAS A SUCCESS

**People of Milroy and Mt.
Olivet Would be Pleased
to Change Circuit.**

**Milroy M. E. Circuit Will be De-
vided and There Will be
Three Preachers.**

(Milroy Press)

As has been announced, Presiding Elder Rawls was here to arrange for the division of the Milroy circuit of the M. E. church.

He met the people of Shiloh and Sandusky and found them very enthusiastic for the change, with the pastor living at Sandusky. These two places will form a circuit. They believe that a salary of \$700 and parsonage can be paid him.

At Richland and Bethesda the people had the matter in hand so that they were able to say they wanted the division and that those two places would form a circuit and have a preacher live at Richland. They have arranged for a salary of \$740 and a parsonage which they have already rented.

The meeting here showed that the Methodist people of Milroy and Mt. Olivet are well pleased to have the change made. These two places asked for a pastor for next year and agreed to pay a salary of \$800 and a parsonage; and the Elder was instructed that the people here desired Rev. Westhafer's return for next year.

This is the most advanced step the Methodist church here has taken in years and should have been done long ago, but the time never has been discussed by members for years, yet much of the credit is due to Rev. Westhafer and Rev. J. L. Brown for bringing the matter to a focus, and giving the membership a chance to express itself. Rev. Rawls was also ready to assist the pastors in giving the people this opportunity.

The reason of this action on the part of the Methodist people is that this circuit with six churches and a membership of nearly 700, and a thousand families to be visited, scattered over the halves of two counties, requires more work than two pastors could do. Consequently the interests of the church were not receiving the proper attention.

Under the new arrangements there will be three preachers to do the labors formerly allotted to two, and each one will be located in the midst of his field of labor.

This is the last double circuit in the Connersville District and but two more in the Indiana Conference.

SEEK DAMAGES FROM BIG FOUR

**Claten Mathews Asks \$15,000
Damages and C. H. Hoagland Asks \$10,000.**

Two heavy damage suits resulting from the accident on the Big Four crossing in Milroy on Jan. 20th last, in which Jerry Mathews was killed and his son Claten badly injured, were filed in the Rush circuit court today against the C., C. C. & St. L. railway company.

Claten Mathews, through his attorneys, Beckett, of Indianapolis, and Innis & Morgan, of this city, asks \$15,000 damages for alleged permanent injuries to his head, chest, abdomen and legs. He avers that he and his father looked each way to see if any train was approaching and that the engineer who was running his engine at the rate of 60 miles per hour, failed to blow the whistle or ring the bell eighty rods from the crossing.

Charles H. Hoagland, administrator of the Jerry Mathews estate asks \$10,000 on account of Mr. Mathews death. The same attorneys that figure in the Claten Mathews suit, filed this one.

NO REUNIONS

**Wilder's and Whitaker's Brigades
Change Plans Because
of Fever.**

The fear of yellow fever, it is learned, has kept two bodies of union veterans of the civil war from holding reunions at Chattanooga and the Chicamunga battlefield, as had been planned. Wilder's Brigade planned to meet at Chattanooga. Letters from L. S. Kilborn, of Monticello, Ill., the president of the brigade organization however, announce a change of plans, with the statement that it was considered "not prudent to visit the South this fall." The organization, instead, has accepted the invitation of the survivors of the Seventy-second Indiana Regiment and will meet with that organization at its annual reunion in Frankfort, Ind., October 11th and 12th.

Whitaker's Brigade organizations, which had expected to meet in Chattanooga this fall, has not yet decided where it will meet instead. Whitaker's Brigade was composed of the Eighty-fourth Indiana, the Fortieth Ohio and One hundred-and-fifteenth and Ninety-sixth Illinois regiments of Infantry.

REUNION OF THE BUSSELL FAMILY

**A Large Attendance at the Meet-
ing at Spring Lake
Park.**

The second annual reunion of the Bussell family was held at Spring Lake Park Saturday, August 19th, 1905. Members of the family from Hancock, Rush, Marion, Hamilton, Boone and Howard counties, numbering seventy were present. The heavy rains in the forenoon kept many from attending, yet those in attendance spent a pleasant day together. The dinner, "which is the drawing card," on such occasions as this, was enjoyed by all. A very interesting history of the family, written by Mrs. Margaret Bussell, of this city, was read by the secretary. This history showed the family to be descendants of Samuel Bussell, who came to this country from Germany just shortly before the Revolutionary war, settling in Westmoreland county, Pennsylvania. He served with honors in the Revolutionary war afterwards coming West.

The family settled in Ohio and later came to Rush county. The family in general are noted for their honesty, industry and success has crowned their labors. One noticeable feature of the history was the retention of the names Samuel, William, Henry, John and Albert in the family from the first generation down to the present time.

The oldest members of the family present were Wm. Bussell, of Hancock county and Samuel Bussell, of Hamilton county, being respectively 72 and 78 years of age. The officers for the coming year are Wm. Bussell, Sr., president; C. F. Brooks, secretary and treasurer; Harry Bussell, of this city, historian. The place of the next meeting will be Riverside Park, Indianapolis, Saturday, August 18th, 1906.

IS ACCUSED OF DYNAMITING FISH

Harry Colsher, of this city, is in jail awaiting trial on a charge of dynamiting fish in Flatrock river. His hearing has been set for Wednesday morning before Mayor Hall.

Prosecuting Attorney Kiplinger has telegraphed to Z. T. Sweeney, of Columbus, State Fish commissioner, and he will be here on Wednesday to prosecute the case. This is the first arrest in this city for the violation of the new fish law.

A GREAT GAME WITH LEBANON

**Teams Battle For Thirteen
Innings And Game Ends
in a Tie.**

**Dugan Pitches Wonderful Ball,
Letting the Visitors Down
With Six Hits.**

In one of the prettiest games of the season Rushville and Lebanon played thirteen innings to a tie in this city yesterday afternoon. The game was called at 6 o'clock in order to allow the Lebanon team to catch the 6:10 C. H. & D. train for home.

Rushville should have won the game three times over had the team been given fair treatment by Congo, of Lebanon, who umpired the game. The umpiring was decidedly one-sided and it occasioned considerable kicking upon the part of the locals.

Rushville scored two runs in the first inning on two hits, two bases on balls and the "squeeze" play. Lebanon touched Dugan for three hits in the fourth and these coupled with a costly error netted them three runs. Pea's long slide tied the score in the ninth inning.

Three times Rushville players were called out at the plate when they were safe by a big margin, but Congo did not see it that way.

Dugan of the local team pitched wonderful ball, holding the visitors to six hits and striking out fourteen men. He was, except in two instances, given great support on the part of his team mates. Taylor covered three acres of ground in centerfield and Owen Bush put up a good game at third. Red White's hitting and playing at first base was one of the features of the game. Since Red has been captain of the team it has not a single game and his eight straight victories and one tie to its credit. Ed. Pea proved a big surprise to the fans by his fast work in right field, and good batting and base running.

Score:
Rushville 2 0 0 0 0 0 0 1 0 0 0 0—3
Lebanon 0 0 0 3 0 0 0 0 0 0 0 0—3
Hits, Rushville 12, Lebanon 5; errors, Rushville 2, Lebanon 2; batteries, Dugan and Morgan, Emerts and Pierce; struck out by Dugan 14, by Emerts 8; two-base hits, White, Dugan; sacrifice hits, Pierce, Morgan, Taylor, Pea; time, 2:21; umpire, Congo.

ELIZA OWENS IS DISMISSED

Girl who Abandoned Babe at Cincinnati Allowed to Return Home.

Eliza Owens, of Barbourville, Ky., who, to save the reputation of her younger sister, took the latter's child to Cincinnati two weeks ago and abandoned it at the C. H. & D. station, and was later arrested in this city, was in police court at Cincinnati Saturday. When it was made known that arrangements had been made for her and the baby to be taken home she was dismissed.

Captain B. B. Golden, of Barbourville, was present in court and took the girl and the baby back home with him. The Owens family has many friends in that part of Kentucky, and the uncle of the two sisters is the agent for the Louisville & Nashville railroad there. United States District Attorney Tinsley took up the matter on the girl's behalf. Captain Golden is the attorney who defended Jett and White when they were tried at Jackson, Ky., on a charge of killing Attorney Marcum.

Next Sunday a big basket meeting will be held at Center Church. Big meetings are being held at this church this week which are well attended.

A GENERAL HOLIDAY

Governor Hanly Issues a Labor Day
Proclamation.

Indianapolis, Aug. 29.—Governor Hanly has issued a public proclamation designating Sept. 4 as Labor Day and calling on the people generally to observe it by taking a holiday. "Let the spirit of the occasion be such as becomes a glad and joyous celebration of the mighty force that has made us great, both as a state and a nation and upon which depends the prosperity and happiness of our posterity," he said. "The governor declares that this nation, with all it represents or is, is labor's contribution to the present sum of human peace and happiness. 'Through the divine ministry of toil the fullness of the land is ours,' he continued. 'We live in favored times. The elements of the soil, of the air, of the sky and the seasons themselves have conspired with labor to make this a year of immeasurable plenty throughout the nation, and especially within our own goodly community. It is, therefore, meet and proper that we set apart this day to celebrate labor's triumphs and to do honor to her children.'

One member of the railway commission has found a decision in a Pennsylvania case which may fit the present gas belt situation, the substance of which is that inasmuch as the manufacturers are not in competition with anyone in the use of coal and as they give to the roads an in- and out-bound freight in addition to the freight on coal, that conditions are not identical with those of the average coal dealer, and consequently there is no violation of the law in giving the manufacturer a lower rate under the circumstances. Governor Hanly is alive to the danger of attempting to change conditions in the gas belt, and he is urging that care be exercised. The railroad attorneys have been asked to submit briefs in the matter, and nothing will be done till they are heard from. The matter is arousing intense interest in the gas belt, and men who have their money invested there are urging the commission not to raise the rate. It has been suggested that the railroads could lower the rate and make a profit on the coal. The commission has no authority to force the roads to haul at a lower rate than they can afford, and if they attempt to fix a lower schedule the courts will probably be asked to determine the matter.

It would not be surprising if the Indiana railway commission does not attempt to change the present freight rates for coal in the gas belt. At least two of the commissioners were deeply impressed by the statements of the manufacturers last Friday that their business cannot exist if the freight rates for coal are raised. One manufacturer whose integrity has never been questioned said that four-fifths of the industries of this community would have to quit business if the coal rate is raised, and his statement made a deep impression with two members of the commission. The statement was made a number of times during the preliminary conference before the commission that is generally known throughout the gas belt that there is a lower rate for the manufacturers and that it is generally realized that it is necessary in order for them to continue in business. The commission does not want to make a decision that will injure a section that has been hard hit by the failure of gas, nor does it care to wink at the law or seek to avoid carrying out its provisions. Yet it will not be surprising if a way out of the difficulty is found without making any changes.

The old postoffice building at Pennsylvania and Market streets will soon be deserted by the present quota of federal officers. Hundreds of boxes were piled in the corridors today to be used in moving into the new building, which occupies an entire block bounded by Meridian, Pennsylvania, Ohio and New York streets. The new post-office will probably be opened by the 20th of next month. The contractor is working a large force day and night to get the building in readiness by then.

Sale of Lincoln's Birthplace.

Hodgenville, Ky., Aug. 29.—Abraham Lincoln's birthplace, a 110-acre farm, has been sold at auction to R. J. Collier of New York, who probably bought it as an investment. The price paid for it \$3,600, is not more than it would bring for farming purposes. The property was sold by order of court in the bankruptcy case of A. W. Donette of New York, who had purchased it fifteen years ago from the Creal family, into whose hands it came at the time the Lincoln family removed from the state.

Mr. Morgan Interested.

Oyster Bay, L. I., Aug. 29.—J. Pierpont Morgan has an extended conference with President Roosevelt. The conference related to matters pertaining to the Canton-Hankow railroad in China and its probable disposition by the present owner, the America-China Development company. The firm of J. P. Morgan & Co. practically controls the road and its concessions.

Holmes Now Under Bond.

Washington, Aug. 29.—Edwin S. Holmes, Jr., former assistant statistician of the department of agriculture, voluntarily surrendered himself in response to the indictment found last week by the grand jury, charging him with conspiracy in connection with the premature publication of government crop reports. Holmes was released on \$10,000 bond.

AGAINST THE ROAD

Interstate Railway Commission Settles
Hay Rate Question.

Washington, Aug. 29.—The interstate commerce commission has rendered a decision in the case of T. M. Kehoe & Co., of Terre Haute, Ind., against the Evansville & Terre Haute Railroad company and others in the matter of rates on the shipment of hay. The Evansville & Terre Haute Railroad company refused to apply a proportion on shipments billed to Evansville in care of a Southern line for points beyond, having discontinued a tariff providing the rate, which was effective from Nov. 10, 1903, to July 19, 1904. The rate from Evansville by the other defendant lines is the same whether shipped locally from or through Evansville. The commission held that it is unreasonable and unjust for the Evansville & Terre Haute to insist on the billing of these shipments to a specified destination in order to secure application of the lower proportionate rate, while it declines to assume responsibility for such billing and does not post in its stations the tariffs from which the shipper can himself ascertain the rate at which the shipment should be billed, and that while the proportionate rate is kept in force it is reasonable and just that these shipments shall be billed to Evansville in care of the road leading southerly therefrom, as was actually done in 1903 and 1904. The complainants are allowed reparation on certain shipments.

Big Department Store Burns.

Johnstown, Pa., Aug. 29.—The building and stock of the Pennsylvania Traffic company, which operates the largest department store in the city, are a total loss as the result of a fire that started about 11 o'clock last night among some refuse near the elevator shaft in one of the wings of the building. The estimated loss is \$500,000, which is almost covered by insurance.

Brought Back by Sheriff.

Bedford, Ind., Aug. 29.—Mec Hitecock, charged with embezzling \$600 from his employer, Milton Meyers, by forging a check, has returned to Bedford in company with Sheriff Frank Smith, who located Hitecock in Pasadena, Cal. Hitecock says that he was given permission to sign Meyers's name.

Suspects Arrested.

St. Mary's, O., Aug. 29.—As a result of an official investigation of the two attempts to blow up the immense reservoir near here during the past year, two arrests have been made and more are expected. Those arrested are farmers living near the reservoir. Riley Colton of Colon, charged with having blown up the bulkhead in the attempt to destroy the reservoir, and Parker Wright, whose home is on the south side of the reservoir, are accused of having guilty knowledge of the two attempts to release the water of the big pond.

ON A NEW BASIS

Japan Concedes Crucial
Point to Russia's
Pride.

INDEMNITY IS WAIVED

Baron Komura Today Submitted to
Mr. Witte a New Basis of Com-
promise in Peace Parley.

Tables Turned on Russian Diplomats
by Japanese Cabinet and Elder
Statesmen.

Portsmouth, N. H., Aug. 29.—This morning Baron Komura, acting upon instructions received from Tokio as a result of yesterday's meeting of the cabinet and "elder statesmen" under the direct presidency of the emperor of Japan, submitted to Mr. Witte a compromise, it is firmly believed, will insure peace.

The revelation contained in the announcement yesterday that Japan had already informed Emperor Nicholas through Ambassador Meyer, that Japan was ready to waive the question of indemnity and submit the price to be paid for the northern half of Sakhalin to the judgment of a mixed commission but prepared the way for the Japanese backdown upon the main issue. The announcement had been the sensation of the day.

It had met with denials high and low. It was decided to be impossible. Incredible. The Japanese declined to admit it and the Russians said they had no confirmation. Mr. Witte intimated strongly that St. Petersburg had not apprised him of any such action by the president. There was even a disposition to ridicule the idea of arbitration the price of half of the island. Nevertheless, on all hands it was admitted if Japan took this position, the ground was cut out from under Emperor Nicholas.

Mr. Witte by consummate skill in conceding all the demands of Japan involving the real issues of the war, had maneuvered his adversaries into a position where, unless they abandoned the claim for indemnity, they could be held responsible for continuing the war for money.

The Japanese by now foregoing the demand for indemnity practically turn the tables upon Russia and shift the burden back to her shoulders if she does not consent to submit a minor issue to the impartial judgment of a tribunal. Mr. Witte publicly dissents vigorously from the proposition, and there will still be a struggle with Peterhof, but if Japan today agrees to formally renounce all claims for direct or indirect compensation for the expenses of the war, the big stumbling-block to peace is out of the way.

Everything will depend upon the form in which the proposal has been submitted. Should the renunciation be so coupled with the other proposition that Russia could claim it was still only a disguised demand for tribute, the gulf might only be narrowed, not bridged. All the private advices that reach the Russian mission from St. Petersburg indicate that the military party is bellicose and insistent that Lnevitch be given a chance, and that negotiations be broken off.

Mr. Witte feels the pressure of this sentiment, and as a man of ambition, he may not feel that he can afford to lay himself open to the charge that he is temporizing with the situation. He has power under his instructions to reject out of hand any proposition involving the payment of tribute. He need not consult his imperial master. He is a man of inspiration, and he is quite capable if the Japanese proposition favors still of "blood money" to refuse even to accept it for transmission to St. Petersburg. But such a stroke is not expected. Mr. Witte knows that public opinion both in America and in Europe as well as in Russia, would condemn him if he broke off the negotiations just as the way was opened for a possible accord.

While apparently the real negotiations leading up to today's denouement were conducted by the president at Oyster Bay, acting through Baron Kaneko on the one hand and Ambassador Meyer on the other, it is now believed that much has been going on beneath the surface here. Another indication of the sudden turn in the events was the arrival here last night of Frank A. Vandervliet, vice president of the City National bank of New York. He registered at the hotel "John Howard," and after dinner went to Mr. Witte's room and remained an hour. When asked his mission Mr. Vandervliet said he was only "interested" in the situation. He evaded inquiries as to whether the subject of a loan had been discussed. But considering the importance of the "financial group" of which the City National bank is a member, and the fact that the bank took a portion of one of the Russian loans, it is fair to assume that the question of finance was not entirely ignored.

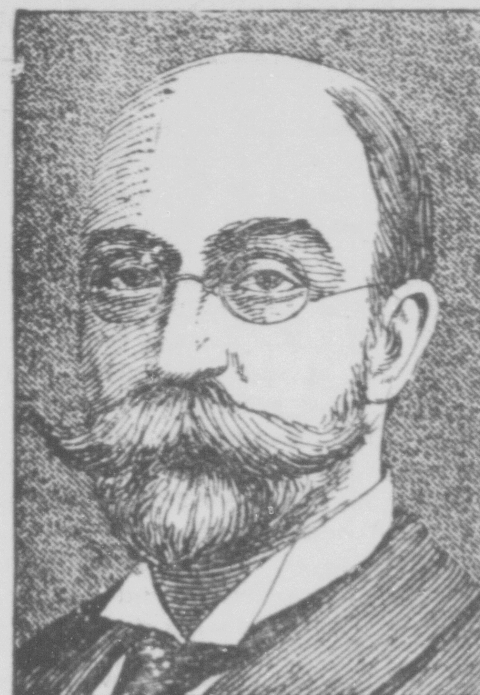

Some of the Japanese were greatly excited today over the reports that the Tokio government had surrendered on the subject of indemnity. They refused to believe it, declaring that if true it would cause a tremendous outburst of popular feeling in Japan.

A HOPEFUL FEELING

New Orleans Passing Critical Stage
Without Fear.

New Orleans, Aug. 29.—New cases yesterday, 45; total to date, 1,788; deaths yesterday, 5; total, 260; remaining under treatment, 181.

Though New Orleans is now in the midst of a period usually critical in yellow fever epidemics, there is no present indication that the federal authorities are to lose their grip on the

DR. QUITMAN KOHNKE, HEAD OF NEW ORLEANS SANITARY BOARD.

situation. Today's total is regarded as confirming the opinions expressed a week ago that there is little further chance that the disease will get away from those who are fighting it so stubbornly. So thorough is the control here believed to be now that it is expected that within the next ten days Dr. White will be able to reorganize his forces, dividing the city into districts instead of wards and reducing the forces of workers now employed.

Paves the Way for Peace.

St. Petersburg, Aug. 29.—The dispatch from Portsmouth declaring that President Roosevelt was authorized several days ago on behalf of Japan to waive all claim for indemnity or reimbursement for the cost of the war, and to cede back to Russia the northern half of the Island of Sakhalin, leaving the "redemption" price of it to the arbitration of a mixed commission, was received here with the greatest interest. There is every reason to believe that this proposition by Japan to waive the question of indemnity goes far toward removing the last, and according to official explanations, the only, stumbling-block in the way of peace. Every disputed point between Russia and Japan, with the exception of the payment of indemnity, has practically been arranged on a basis satisfactory to both sides.

To Reinforce Army.

St. Petersburg, Aug. 29.—An imperial ukase orders the mobilization of troops for the reinforcement of the army in the far East. The order applies to certain districts in the governments of Vilna, Grodno, Kovno, Courland, Livonia, Perma, Vattika, Simbirsk, Saratova, Orendburg, Astrakhan and Ufa, and to the Don Cossacks. Horses have been requisitioned in various districts of eighteen governments.

BIG MONEY MAKER

Indiana Author's Complaint
of An Embarrassment
of Riches.

GEORGE ADE'S SUCCESS

Kentland Boy Who Made a Hit With
Public Has More Money Than
He Can Handle.

A Conservative Estimate of His
Present Annual Earnings Is
\$150,000.

Kentland, Ind., Aug. 29.—George Ade, formerly of this place and who is investing large sums on a model farm in this county, is getting rich so fast he doesn't know what to do with his money. A conservative estimate of his earnings this year is \$150,000. In the coming season he will have ten companies on the road paying him royalties. This is a record which, it is believed, has not been equaled by any other American playwright.

Ade went to a friend a few days ago and confessed confidentially to him that he was in a quandary to know what to do with the money that is pouring in on him.

"Get married," his friend advised, "then your money will go fast enough."

Ade smiled. "If it's a question of money or matrimony," he said, "give me the money."

In addition to the royalties from his plays, Ade will receive remuneration from seven books, and he has just contracted to write a story embracing nearly all the rural types in his different plays. He will also write a playlet, "On His Uppers," at vaudeville houses. Two companies will appear in "The College Widow," two in "The County Chairman," and one each in "The Sultan of Sulu," "Peggy from Paris," "The Shogun," "The Bad Samaritan," and "Just Out of College."

SPECIAL GRAND JURY

Will Probably Investigate the Redkey
Riot Case.

Portland, Ind., Aug. 29.—A special grand jury probably will be called to gether to investigate the crossing war between the Pennsylvania railroad and the Muncie & Portland Traction company, which culminated in the killing of Pan-Handle Detective William Purdy of Bradford Junction, O., who died in the hospital at Logansport, and the shooting of three other men.

Attorney George E. Ross of Logansport, solicitor for the Pennsylvania lines, has filed suit in circuit court here asking an injunction against the traction company's proceeding further with making the Redkey crossing. He not only seeks to enjoin further work on the traction tracks at that point, but undertakes to prevent the traction line from tearing up the one extra sidetrack constructed by the Pennsylvania during Friday night's fight.

Forty-three Pennsylvania railroad detectives have been on the scene for two days gathering evidence and watching developments, and some further trouble would not be surprising. A peculiar situation is presented as the traction company already has an injunction against the steam road.

Tragic End of Outing.

Hammond, Ind., Aug. 29.—The home of A. S. Wilkins, a conductor on the Chicago & Erie, in this city, was wrecked and burned by a fearful gas explosion, and both Wilkins and his wife were so badly burned that their ultimate recovery is a matter of doubt. Mr. and Mrs. Wilkins had just returned from a summer outing late at night. A leak in a gas main had sprung during their absence, and when the wife lighted a match to prepare supper the explosion followed. Wilkins came to her rescue and in an endeavor to free her from the flames both were burned.

Murdered Without Provocation.

Brazil, Ind., Aug. 29.—A stranger appeared at Diamond and asked the way to Perth. Someone gave him the wrong direction, when Antonio Provolo, an Austrian, stepped up and told him the right way. Thinking the Austrian was making sport of him, the stranger pulled a revolver and shot Provolo. The injured man was brought here and placed on an interurban car to be taken to the hospital at Terre Haute, and died on the way. The murderer escaped and his identity is unknown.

Bad Blood Between Neighbors.

Corydon, Ind., Aug. 29.—Joshua F. Zenor, a well-to-do farmer of Posey township, his county, shot and seriously wounded his neighbor, Levi Farnsley, Zenor finding Farnsley at work in a field and using his weapon. There is bad blood between them. Zenor is defendant in a slander suit recently filed by Shirley Harris, in which the plaintiff complains of having been accused of theft.

Killed by His Own Auto.

Rensselaer, Ind., Aug. 29.—Joseph Fagot, thirty-eight, a wealthy real estate dealer of Remington, was killed while on his way home from this city. His automobile ran off the grade at a bridge two miles south of Rensselaer. He was buried under the machine in the mud and smothered to death.

TRAGIC COINCIDENCE

A Thousand Miles Apart Husband and
Wife Meet Death at Same Hour.

New York, Aug. 29.—Separated by 1,000 miles distance, Mrs. June Johnson and her husband, Allan Johnson, a Little Rock (Ark.) banker, met death almost simultaneously. At the hour when Mrs. Johnson's body was taken from the bathing waters at Coney Island, a telegram reached here to inform her of the death of her husband. The wife was a magazine contributor, who wrote under the nom de plume of Helen Dixie Johnson, and the husband was president of the National Exchange bank of Little Rock. The telegram bore the sending time of 1 p. m. At that hour a friend of Mrs. Johnson was giving an alarm because of the woman's tardiness at a luncheon at which she had been invited. Mrs. Johnson had gone bathing during the forenoon in spite of the cool weather, and as there were few other persons in the water, no one noted her disappearance. Her body was found some distance out to sea about 3 o'clock in the afternoon. Up to that hour the telegram had not yet been delivered, owing to the delays in transmission through the city. The body had just been placed in the morgue at Coney Island when a messenger boy rushed in with the dispatch. He did not know that the Mrs. June Johnson for whom he was searching was there, but was following her hostess, who had just heard of the drowning.

We see by the papers that the Buena Vista oil well was bailed and that there is a fine prospect for oil there. If everybody could have seen what your correspondent saw they would be of the same opinion that he is—that the well is a fake and there is not oil enough there to grease your boots. Out of 350 feet of oil that was reported there they got salt water, sand and muck. Several who took bottles to fill came home with them empty. One sure sign to prove our assertion is that the directors after a few minutes counsel offered to sell stock at 50 cents a share to get money enough to shoot the well with. If they are so confident of oil there why don't they go ahead and develop it and not throw the blame on the stock holders, saying there is no money.

LOOK OUT FOR GERMS NOW.

Summer Months Call for Constant Vigilance and Use of Mi-o-na

In the summer months constant vigilance is necessary or dangerous disease germs will be absorbed from food or drink.

The so-called summer complaints and bowel troubles do not come to people with a healthy stomach for Dame Nature kills the disease germs with the natural juices secreted by the healthy digestive organs.

Persons with a weak stomach and poor digestion in the summer season live in constant fear of germs of disease. Let these people use Mi-o-na before each meal and the stomach and the whole digestive system will be strengthened so that disease germs will have no effect whatever. You can eat what you want and all you want without any fear of indigestion or bowel trouble if you take a Mi o na tablet before each meal.

When there are pains or distress after eating, headache, belching of gases, sour food, and bad taste in the mouth, dizziness, heart-burn, specks before the eyes, furred tongue, sleeplessness, and debility or weakness it shows that the stomach needs the help of Mi-o-na. Just one little tablet out of a 50 cent box of Mi-o-na before each meal for a few days and you will regain perfect health and strength, and be proof against the germs of summer diseases.

Ask F. B. Johnson & Co. to show you the guarantee under which they sell Mi-o-na. It costs nothing unless it restores health.

 Columbus Republican, Monday: There was an argument at Clifford this morning concerning whether or not the old railroad, which was built from this city to Edinburg and then to Shelbyville, stopped at Shelbyville or went to Rushville. One of the men concerned in the argument telephoned to this office and a reporter on this paper made inquiry of the local officials. The old road was built from this city to Edinburg and went from there to Shelbyville, and later to Rushville until 1867, when the line was extended to Cambridge City. There was a road built out from Edinburg with Knightstown as the objective point, but after reaching a point about two miles north of Shelbyville the road was abandoned and later the old Madison Railroad company purchased the rails and ties.

SOCIETY NEWS
 Friends of Mr. and Mrs. Walter F. McCloud gave a miscellaneous shower in their honor last night at the home of Mrs. McCloud's parents, Mr. and Mrs. James Kratzer, on West Third street. About forty people were present. Mr. and Mrs. McCloud were the recipients of some very valuable presents, both useful and ornamental.
 Mr. and Mrs. Wm. O. Frazee entertained yesterday at their home west of town with a family reunion dinner given in honor of the 8th birthday anniversary of Mrs. Frazee's mother, Mrs. Margaret Stewart. There were twenty-six present, among them, Mrs. Stewart's three sisters, Misses Elizabeth and Rebecca Stewart and Mrs. Nancy Meek, of Richland township. These four sisters are the last of a family of nine children, all but two of whom lived to a ripe old age. The average age of those who are left is 80 years, and yet each one of them still enjoys remarkable health and strength. The other guests were: John A. Cowan and family, Mr. and Mrs. Sam Cowan, Mrs. Mary Stewart, and John Stewart, all of Richland township; J. T. Kitchen and family, Mrs. Martha Stewart, and John Dale Stewart, of this city; Mr. and Mrs. John S. Kitchen and Mr. and Mrs. H. C. Kitchen and daughter Dorothy, of Columbus.
 I was interesting to note that the average of the twelve seated at the first table was 65 years, and also that there were among them two groups of three generations. There was also present one group of four generations, Mrs. Margaret Stewart, her daughter, Mrs. Kitchen, her son Harry, and his daughter Dorothy.
 In the afternoon photographer Wallace came out and took group pictures of the whole company and of the four old ladies.
 At the close of the day everyone felt and expressed a gratitude to Mr. and Mrs. Frazee not only for a splendid dinner, but for a most enjoyable day.

AMUSEMENTS
 The Cutter Stock company, numbering seventeen people, opened a week's engagement at the city opera house last night and made a decided hit with the large audience which attended the performance. The opening bill was "A Wife's Sacrifice," a story of a young wife's devotion to her husband, who at the time he married her knew nothing of her past life. The company is everything that has been claimed for it. The cast in last night's piece was certainly a most capable one and the specialties introduced between the four acts were of the highest order. Helen Amelia Ried, a beautiful and talented young actress carried the leading role of Ethel Douglas, the wife, in a most pleasing manner. Ralph Rollin's portrayal of Clarence Douglas, the husband, was of high order, as was Billy Boston, in the role of Horace Greengage Dobbins, of Vermont. Jack E. Voss, as Hubert Douglas (alias Charles Clemens), made an excellent villain, while Miss Myrtle Bigden, as Grace Douglas, appeared to advantage.
 None of the vaudeville introduced between acts was faulty. The most pleasing was the work of Jack and Juanita Coad, whose musical comedy and work on the chimes and sleigh bells was of the very highest order. Billy Boston and the St. Claire Sisters, also furnished some good specialties.
 Tonight, the bill is W. H. Hartigan in "Dr. Jekyll and Mr. Hyde." Mr. Hartigan, last night, carried the part of St. John, the detective. The seat sale for tonight is very heavy.
